

Lodz, May 23, 2017

**Association of European Schools of Planning  
Secretariat General**

**Prof. Paulo Pinho**

Faculty of Engineering  
Department Civil Engineering  
Division of Spatial and Environmental Planning  
University of Porto

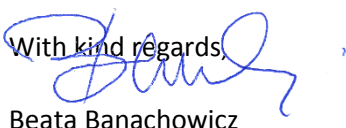

**Dear Members of AESOP Executive Committee and Council of Representatives,**

Referring to the Call, announced at the AESOP webpage on March 27, 2017, I would like to apply for the position of AESOP Treasurer. I strongly believe that my previous engagement in AESOP activities as well as my experience in administrating substantial budgets and acquaintance with financial matters enable me to meet the expectations related to this significant position.

I have been participating in AESOP activities, such as congresses, PhD workshops, seminars and other scientific meetings for last 24 years. My earliest experience in financial management related to AESOP actions took place in 1993 during the Congress in Lodz, Poland. My responsibility as a member of LOC was to collect congress fee and take care of any financial liabilities necessary to let Congress Participants lead interesting and fruitful discussions as well as enjoy mobile workshops and social programme. I was also responsible for organizing in Lodz PhD Workshop in 2001 and Head of Schools Meeting in 2008. As a member of AESOP Executive Committee during 2008-2011 I took care of Thematic Groups' budget for support of their scientific activities.

In terms of financial management I am familiar with planning, organizing, directing and controlling financial activities in the way that allows to accomplish the objectives of the organization. During my tenure at University of Lodz, Department of City and Regional Management, besides developing my scientific interests I am regularly responsible for financial management of different events. My experiences include also scientific and financial management of EU co-financed project within European Social Fund, Human Capital Operational Programme in years 2013-2015 with a budget about 1.800.000 euro. Please find enclosed my CV with complete information.

I believe that my skills qualify me to serve the Association as a Treasure for its benefit and with my great pleasure.

With kind regards,  

Beata Banachowicz
